

Final Sale on Classes - What happened to the

Posted by digitaldeb - 2015/04/22 15:31

Hey, I have been looking at the 60% off on classes that Jessica said would be on sale until May 1st. I had several in my cart. When I went to my cart to check out today, all the sale prices are gone and they are regular price.

Anyone know what happened to the sale prices?

You're welcome! I see the sale prices back up on my monitor. Are they working for you?

Thanks for posting that, Earl! I haven't have a chance to check the forum for a couple of days.

(You can also find the sale announcement by going to the Blogs tab >Jessica's Blog. It was in a post on April 9.)

You aren't being ignored, Sandy. We've just been busy getting the new site ready. It takes Sonya time to look through and answer all the support tickets. :kiss:
