We've got exciting news to share with you today! We would like to welcome **BoBunny** to our digital shop! We're so excited to offer their gorgeous designs to digital scrapbookers all over the world, and we couldn't be happier that they decided to join us. Welcome, BoBunny, to the Spraground! Here's a little about BoBunny:

The story of BoBunny Press began with a young girl named Jan Lanoy. She was raised in the Ozark area of Arkansas, then headed west to study art in college. In 1974, she married Don and packed away her paint box while she raised three sons. As the family moved from Arkansas to Texas to Taiwan and then to Utah, Jan satisfied her creative side by restoring houses. Her children claim she can do anything with a power drill and a hammer!

That old paint box wasn't reopened until 1996 when, at the urging of her sister, Jan started designing scrapbook papers. She still vividly remembers standing outside a local craft store in Layton, Utah, terrified to show off her first two designs.

Now, sixteen years later, BoBunny Press is an industry leader with its innovative paper and embellishment lines. Starting with just two designs in a single store, BoBunny products can now be found in over 39 countries around the world.

Long a favorite of card makers and scrapbookers, Bobunny papers, stickers, albums, brads, buttons, trinkets, jewels, ribbons, stamps, and kits are always hot topics on consumer message boards. Each item still carries Jan's personal attention to detail and color, but she's no longer doing it all on her own. Her team of graphic designers, each with different styles and expertise, help to create the variety of product lines that BoBunny is known for. Whether your taste is whimsical, elegant, classic or playful, there's something for everyone with BoBunny.
